

NEGOTIATIONS UPDATE

The Negotiating Committee would like to notify you that they have been at the table long hours fighting for the members rights. Your Committee has put the Company on notice that every classification will have an accurate and current job description when this NEW C.B.A. is ratified! Up to this point, (Tuesday 11/11/08), the negotiations have been concerning non-economics. The Committee targets economic discussions to begin today! Your support and solidarity are greatly appreciated, let the Company know that you back your committee!!!!!! The Committee demands that our members will be treated fairly and equitably. Please stay unified! Remember the Contract Ratification vote is currently scheduled for Friday, November 14th at 6:00 PM! The proposal will be reviewed prior to the ratification vote.

Your Committee says,

“Be there or be quiet”!
